### **South Suburban Public Art Committee Accepting New Members**

South Suburban Park and Recreation District's Public Art Committee (SSPAC) is accepting applications to fill openings on the Committee.

The South Suburban Public Art Committee recommends to the South Suburban Board of Directors the selection, placement and installation of art in public parks, along trails and in recreation facility venues to encourage a legacy of art to be enjoyed and appreciated by South Suburban residents. The Committee also oversees the selection of art for temporary gallery exhibitions in the recreation centers. SSPAC is composed of 7-9 members, including one representative from the Littleton Fine Arts Council, and one from the Lone Tree Fine Arts Council and members representing the District public-at-large.

Committee members serve two year terms and must reside within District boundaries. Artists, art educators, arts administrators and art collectors are encouraged to apply. The Committee meets from 8 to 10 am on the second Tuesday of each month.

If you are interested in serving on the SSPAC, please send a letter of interest, along with your biographical information to: SSPAC, c/o Teresa Cope, Communications Director, 6631 S. University Blvd., Centennial, CO 80121. For more information about the committee, please email [teresac@sspr.org](mailto:teresac@sspr.org) or call 303-483-7013.
