**Smartphone App offers Golfers New Way to Book Tee Times**  
**at South Suburban Golf Courses**

South Suburban Park and Recreation District has created a smartphone app that will allow golfers to view and book available tee times at all four District golf courses straight from their phone. The app is the newest way to book tee times in addition to reserving tee times on the District's website, [www.sspr.org](http://www.sspr.org), the golf site, GolfNow, or by directly calling any South Suburban golf course.

The app is available free of charge and will be available in the online Android app store as well as from the District's website. The District hopes to have an iPhone version available in the near future.

This marks the District's venture into smartphone and tablet based apps. Eventually, the District wants to increase the functionality to include class registrations, league schedules, trail maps and more.

District golf courses include Lone Tree Golf Course, Littleton Golf Course, and South Suburban Golf Course and Family Sports Golf Course in Centennial.
