**South Suburban and City of Centennial Fund Remodel of  
Walnut Hills Elementary School Tennis Courts**

Nearby residents of Walnut Hills Elementary School Tennis Courts will soon enjoy a remodeled tennis complex, thanks to South Suburban Park and Recreation District and the City of Centennial, funding partners for the project.

The old courts were demolished and new ones are being built on the same space. The complex will include two new, post tension concrete tennis courts, access sidewalks that meet ADA standards, fencing, windscreens, nets, a cabana bench, and a backboard. The cabana bench and backboard are new additions to the site.

The tennis courts are expected to open in Sept. The new complex cost \$166,764, and is located at 8195 E. Costilla Blvd. Renner Sport Surfaces of Denver is the contractor. The courts are free, and are open to the public, on a first-come, first-served basis. South Suburban maintains 50 tennis courts throughout the District.
